Stay Safe This Summer

As families converge on pools, splash pads, water parks and water activities this summer, it is vital to ensure safety is a priority for everyone. The National Water Safety Month campaign supporters offer six important tips and reminders for parents and caregivers about safer water practices:

-  **PROVIDE CONSTANT ADULT SUPERVISION** - Actively supervise children and non-swimmers around the water, even when lifeguards are present. Don't just drop kids off.
-  **LEARN TO SWIM** - No matter your age, learning to swim is one of the best ways to be safer in and around the water.
-  **LOOK FOR LIFEGUARDS** - Swim in designated areas supervised by lifeguards.
-  **SWIM WITH A BUDDY** - Do not allow anyone to swim alone. Even at a public pool or a lifeguarded beach, use the buddy system.
-  **WEAR A LIFE JACKET** - Adults and kids should always wear a properly fitted U.S. Coast Guard-approved life jacket while boating. Non-swimmers and inexperienced swimmers should also always wear a life jacket when in and around the water. Inflatable toys can be fun but are not a substitute for lifejackets.
-  **LEARN CPR** - Learn how to prevent and respond to emergencies by learning CPR.
