One-Ring Phone Scam

Your cell phone rings. Before you can answer, the caller hangs up. It might be tempting to call the person back (especially if you aren't sure who it is), but a new scam we are hearing about should make you think twice. With the popular "One-Ring" phone scam, you could find yourself with an unexpected phone bill for hundreds of dollars.

How to avoid this scam:

- 🚫 Don't answer or return any calls from numbers you don't recognize.
- 🚫 Before calling unfamiliar numbers, check to see if the area code is international.
- 🚫 If you do not make international calls, ask your local or wireless phone company to block outgoing international calls on your line.
- 🚫 Always be cautious, even if a number appears authentic.
- 🚫 You can file a complaint online at consumercomplaints.fcc.gov or call 888.225.5322.
